“Supporting more for Learning”

Greetings from your President...

I hope that this newsletter finds you safe and in good spirits. We have all weathered a tremendous storm and the recovery will be long standing

On August 31, the **Second Annual Fruit of the Spirits Concert** was held at Trinity United Methodist Church. This is an annual concert that supports the **McConico, Ross, Vienn Scholarship** for deserving students attending Huston-Tillotson. The artists all performed beautifully at the well-attended event. Nearly \$5000.00 was donated to the scholarship fund and donations are still being accepted.

Our September alumni meeting promises to be an even more exciting and productive event. On September 14, we will hold a committee planning session. During this meeting, members will be able to join committees and conduct preliminary planning such

as gathering ideas, planning major events, and determining budgets for various committees.

If you have ideas about how to help move our alumni association farther, this is the meeting for you! Committees such as the fundraising and recruiting committee will be planning for the upcoming year. Our special committees will also be meeting; these committees include the Annual Choir Committee, the Community Service Committee, and the Spiritual Legacy Banquet.

We hope to see YOU there!!!

Inside Story Headline

This story can fit 150-200 words.

One benefit of using your newsletter as a promotional tool is that you can reuse content from other marketing materials, such as press releases, market studies, and reports.

While your main goal of distributing a newsletter might be to sell your product or service, the key to a successful newsletter is making it useful to your readers.

A great way to add useful content to your newsletter is to develop and write your own articles, or include a calendar of upcoming events or a special offer that promotes a new product.

You can also research articles or find “filler” articles by accessing the World Wide Web. You can write about a variety of topics but try to keep your articles short.

Much of the content you put in

your newsletter can also be used for your Web site. Microsoft Publisher offers a simple way to convert your newsletter to a Web publication. So, when you’re finished writing your newsletter, convert it to a Web site and post it.

Inside Story Headline

This story can fit 100-150 words.

The subject matter that appears in newsletters is virtually endless. You can include stories that focus on current technologies or innovations in your field.

You may also want to note business or economic trends, or make predictions for your customers or clients.

If the newsletter is distributed internally, you might comment upon new procedures or improvements to the business. Sales figures or earnings will show how your business is growing.

Some newsletters include a column that is updated every issue, for instance, an advice column, a book review, a letter from the

president, or an editorial. You can also profile new employees or top customers or vendors.

“To catch the reader's attention, place an interesting sentence or quote from the story here.”

Inside Story Headline

This story can fit 75-125 words.

Selecting pictures or graphics is an important part of adding content to your newsletter.

Think about your article and ask yourself if the picture supports or enhances the message you’re trying to convey. Avoid selecting images that appear to be out of context.

Microsoft Publisher includes thousands of clip art images from which you can choose and import into your newsletter. There are also several tools you can use to draw shapes and symbols.

Once you have chosen an image, place it close to the article. Be sure to place the caption of the image near the image.

Friends, Fellowship, and Food at the monthly meetings

Thanks, Alphas!

Let's show our appreciation for the hospitality of the members of Alpha Phi Alpha for allowing our organization to meet at the Alpha House.

Please donate items such as paper towels, napkins, bathroom tissue, plastic garbage bags, etc. to help replenish their supplies.
